### **EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 2, the prior art of record does not reasonably suggest the combination of input text from a repurposed source, providing feedback comprising a confidence measure, and a visual pronunciation aid in the form of an animated image of a human face and head pronouncing the audible speech.

Regarding independent claim 8, the prior art of record does not reasonably suggest the combination of input text from a repurposed source, providing feedback comprising a confidence measure, and a mapping of sub-words in a first language to sub-words in a second language for illustrating sound alike comparisons to a student.

Regarding independent claim 10, the prior art of record does not reasonably suggest the combination of input text from a repurposed source, providing feedback comprising a confidence measure, and a record and playback module.

Regarding independent claim 15, the prior art of record does not reasonably suggest the combination of input text from a repurposed source, providing feedback comprising a confidence measure, and a plurality of pronunciation files providing

information associated with a different accent, set of proper names, trademarks or technical words.

Regarding independent claims 16 and 17, the prior art of record does not reasonably suggest the combination of input text from a repurposed source, providing feedback reflecting a precision at which a user replicates the speech, and a visual pronunciation aid in the form of an animated image of a human face and head pronouncing the audible speech.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
